Gentlemen:

Having recently been elected to the position of President for the DRU Alumni Association, I welcome the opportunity to build on all of the efforts of the past officers and executive board members.

Special thanks go out to Tom Barger who has served as President and Past-President, as well as in many other capacities over many years. Tom continues to help us with the maintenance of the 124 McCall Street grounds. It is my hope that Tom will continue to stay involved with the Alumni Association.

Additionally, special thanks to Jason Corbin for his service as President of the Association. Under his guidance much was done to reinvigorate the leadership of the Association, as well as renewed contact with the Active Body. Jason will continue to serve as Past-President, and has offered to take on some very specific duties over the next few years.

For those of you who have not found the time to pay your dues, I would ask that you take a moment to do so. Numerous issues including those dealing with the 124 McCall Street property have dramatically depleted our reserves. Wayne Grunewald, who has served as Treasurer for the Association for as long as anyone can remember, has done a great job of keeping the Association fiscally sound, but he needs our help to do so. Please see the form contained in the newsletter for your use in this regard.

The new officers are busy working on numerous projects which include disposal of the property at 124 McCall Street which is headed up by Norm Goeschko, work on the mailing list which will be headed up by Jason Corbin, work on all pledge class lists which will be headed up by Adam Rygg and Jeff Stark, accumulation of email addresses as well as work on the website headed up by Wyatt Webb, updating of the Alumni Association Constitutional headed up by Jason Corbin, and a review of our Not for Profit status headed up by Ron Engle.

Dan Michaels is monitoring the Active Body activities, as well as issues with Carroll University as it relates to the Greek suites, and the potentiality of having a DRU floor in the dorms.

Scott Polebitski is busy working on our social activities. Please see certain details of the same in this newsletter, as well as future events/details to follow. Adam Rygg and Jeff Stark have agreed to coordinate the history event for the Active Body next year, and Jason Corbin is working on a career fair.

TREASURER REPORT

(Wayne Grunewald – Class of 1974)

Delta Rho Upsilon Alumni Association Clubhouse

The Delta Rho Upsilon Alumni Association has been offered an opportunity to rent the first floor of a commercial building as a clubhouse. The Alumni Association Executive Board is currently working through the potential lease provisions with the owner. Although nothing is definite at this time, it appears favorable.

It is anticipated that the Alumni Association will then enter into a lease with the active body for use of the facility. As some of you will recall, the Alumni Association has always hoped that upon the sale of the fraternity house located at 124 McCall Street, the proceeds from the sale could be used to provide a clubhouse to the active body.

Although as of the writing of this article the 124 McCall Street property has not sold, this potential property has presented itself and the Alumni Association has decided to take advantage of the opportunity. Details to follow.

During the past 2 years, DRU Alumni Association members have contributed \$4,500 to help pay for Alumni and Active support costs. These contributions have been greatly appreciated during a period of uncertainty regarding the fraternity house disposition. The following table shows our cash position from June 1, 2009 through June 30, 2011.

Alumni Updates

Alumni Members Reunite

Gar Johnson ('58) and Dr. Moo Young-Han ('57) reunited at Dr. Moo Young-Han's office at Duke University. Gar surprised him as he entered the building prior to his first class. Gar had not seen Moo his friend since graduation day in June 1957 After Carroll Moo earned his doctorate in physics at the University of Rochester while Johnson attended Ohio State for Bio-Chemistry. Gar Johnson's wife was the DRU Smile Queen.

Alumni Meet in Arizona

About 20 DRU alumni and spouses had a delightful weekend the last weekend of March in Green Valley, AZ. The event was hosted by Arden Lohuis and John Rusch. If you host an Alumni Event in your area please let us know.

Alumni Share DRU History with Actives

In April the Alumni Association held a History Event for Alumni and Active members of the Fraternity. The event was a huge success. The event was held at John Macy's Boat House and featured Fraternity memorabilia from several decades. Many members were able share the history of the items and tell stories from days long ago and more recent. The event concluded with the singing of the Fraternity Song.

Alumni Reflections

(Larry Coutts)

All School Sing

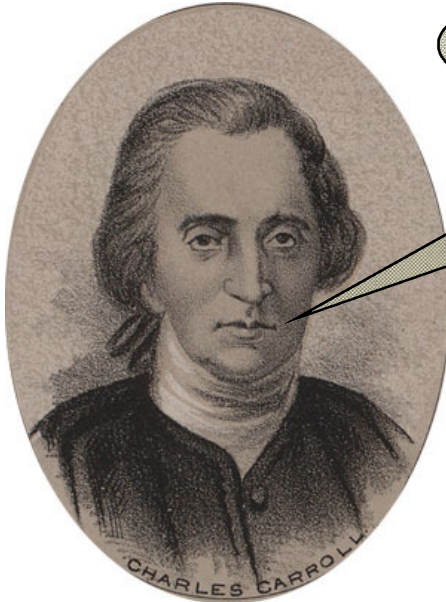

Back in 1968-9, the Delta Rho's were a struggling fraternity on Carroll's campus. Our numbers were dwindling and we were on social probation for some dumb stunts (which at the time we thought were pretty funny). We would ask a girl for a date like this, "I know I'm a Delta Rho, but would you consider going out with me, anyway?" Not that the technique netted us many dates, but we were definitely a stigmatized fraternity at that point in time.

We were bound and determined to change that image. One of the first steps was to make a serious commitment to earn respect. And the first opportunity was through the "All School Sing" competition. Our "sing" leader, Jim Lundgren (a.k.a. "the Shadow") convened regular rehearsals to which most of us made the commitment to be there and to work hard on our parts. Due in part to our poor past performances, the emcee, Nick Rhetsen, chuckled when our turn came and he introduced the DR's to sing "the Wiffenpoof song."

To the surprise of practically everyone - faculty included - we blew them away and walked away with the first place trophy. That year we went on to take the IFC (Inter-fraternity Council) Athletic Supremacy Cup; one of our actives, Bob Olson (a.k.a. Ole) was elected Homecoming King; another, Henry Isaaksen (a.k.a. Ike) got the lead role in "Roar of the Greasepaint, Smell of the Crowd;" and another one of our brothers, Mike Bausch, was elected Student Senate President, plus we took the largest pledge class among six frats (yep, SIX).

It all started because together we decided to change our image

You can Help

Noah Rosenthal pledged Delta Rho Upsilon in the fall of 2003 and graduated from Carroll in 2007 with a degree in Graphic Design. Last year he lost his father to Ulcerative Colitis after fighting the illness for over 50 years. This year he decided his dad could still make a difference. Noah's goal was to do something in his memory as well as something that would help others with Ulcerative Colitis. He committed to running the Wine Country Half-Marathon in Napa, California this July and to raising \$3,800 for the Crohn's & Colitis Foundation of America. Please consider helping by making a contribution! His website www.13forCy.com tells his dad's story, more about him, and how you can help.

Alumni Dues Update

During the last several years, as we struggled with Carroll College over the ownership of our fraternity house, we used the Project Survival campaign as our primary means to raise Alumni funds and suspended the collection of Alumni dues. Now that we have concluded our legal action with Carroll College, the Executive Board has decided to reinstate annual DRU Alumni dues. Even though we are no longer in litigation, we still have taxes and insurance to pay on the fraternity house. Please complete the form below and send your 2011 dues check payable to DRU Alumni Association. Thank you in advance for your continued support.
